

## Course description

# G3594e

# ACH580 BACnet introduction, Internet course

### Course type

Internet course

### Course Duration

The course duration is approximately 20 minutes.

### Course Goal

The goal of this course is to familiarize the learner with the basic use cases and setup of ACH580 in BACnet systems

### Student Profile

This course is for sales, distributors, system integrators, application engineers, installers, commissioning and service

### Prerequisites

- n An Internet connection. The recommended browser is Microsoft Internet Explorer.

### Notes

If you have no experience of working with drives, it is highly recommended to take a hands-on course in addition to this course, to be able to utilize the drive to its full potential.

### Course Objectives

Upon completion of this course, you will be able to:

- n Explain what BACnet is
- n Describe typical applications of BACnet in HVAC and building automation systems
- n Describe BACnet offering
- n Perform basic setup of BACnet in ACH580

### Main Topics

- n BACnet protocol
- n BACnet applications in BMS
- n ACH580 BACnet features
- n ACH580 connection to BACnet

### Low voltage drives training
